Dear Friends of The Arc Carroll County,

So much happens here — it may surprise you.

**We help people where they live, where they work, and where they gather.**

Before the pandemic, people came here before going to work. Others stayed longer, catching up with friends and learning skills like reading, typing, and cooking. At the end of the day, people headed home or to wherever they wanted to go. Services continued into the night and during the weekend.

Now, fewer people come through the doors — but with our incredible staff, support to individuals with intellectual and developmental disabilities carries on. Employment services have continued for essential workers. Helping people at home has not stopped. Virtual classes keep people connected and learning from home. **And your generosity helps make it happen.**

Your support of the Annual Fund helps us serve 700 individuals each year. As everyone adjusts in life, your support allows The Arc to do the same and continue our work.

Maybe these pictures remind you of a loved one, or someone you always see in the community, who is connected to The Arc. I am reminded that people we serve continue to lead fulfilling lives during these times. **And that we all remain together, and we do our best when we work together.**

As the year ends, please join me in supporting The Arc with a tax-deductible gift. **Please donate to the Annual Fund today to help us continue providing services.** Your support makes a difference — so much that it may surprise you.

Sincerely,

O'Ryan Case  
Director of Development
